

AgroSib

30 October – 2 November, 2012.

AgroSib Siberian Farmer is XIX specialized exhibition of agricultural production, new technologies, equipment, techniques, and beekeeping inventory. The exhibition is rightfully considered to be an effective business platform for signing profitable contracts, promoting new brands, consolidating well-known trademarks, and meeting producers, suppliers and professionals of agricultural industry.

The project is officially supported by the Ministry of Agriculture of the Russian Federation, and Novosibirsk Mayor's Office.

Taking part in the exhibition is a perfect opportunity to present products to end consumers, learn about current market trends, assess market conditions, and discover new ways of promoting products and services.

VENUE: IEC Novosibirsk Expocentre, Novosibirsk, Russia
